

## EMERITUS MEMBERSHIP

NAPW is proud to recognize the accomplishment of experienced professional women who are in or about to enter their final year of professional employment before retirement. Such women are the trailblazers who have cleared the way for today's members, and their contribution to our cause is without measure.

In honor of these leaders, NAPW offers its Emeritus Membership, through which qualifying members receive a 50% discount on their membership. In other words, an Emeritus Member is entitled to pay half the standard rate for membership at a particular tier.

If you have questions or would like to take advantage of our Emeritus Membership, please feel free to contact us at: [customerservice@napw.com](mailto:customerservice@napw.com), or explain your status to your membership representative.
